Report Voting Heavy In All City's Precincts

Voters were going to the polls in large numbers today to decide one of the liveliest political campaigns in the city's history. By 3 p.m. 750 votes had already been cast with the heaviest voting expected late in the afternoon and early evening, indicating a record vote.

Both sides of the two three-man tickets expressed confidence the electorate would decide the issues fairly and intelligently and urged everyone who is eligible to vote to do so before the polls close at 7 p.m. It seemed to be the feeling of both sides that regardless which way the election went it would be the real opinion of the electorate if most of them voted.

Paul Hottel, spokesman for the Goodban-Hottel-Meek ticket, said he hoped that whoever won would win by a large majority so that everyone would know just where the electorate stood definitely. Expressing the same feeling was Harold N. Barbour, who has spoken for the Barbour-Blazer-Carney slate during the campaign.

Carlos R. Long, the only so-called independent candidate in the election, concurred with the rest of the candidates that after today it would be all over and that the decision of the voters would be final.

While three candidates, Harry Wright, H. H. Reimer and O. D D. Ewing, have withdrawn from the race, there was some speculation in the city as to whether any of them would receive any sizeable vote. Councilman Wright seemed to have many supporters who said they would vote for their candidate regardless of his withdrawal.

The re-election of Mrs. Hazel M. Cassell seemed to be a foregone conclusion since she is unopposed in her bid for city clerk.

Speculation on the outcome of the election was evident in all parts of the city. Some predicted that no single slate would be elected while others were just as sure that the "incumbent" ticket would win the election by a fair majority. There were just as many, however, who saw a political upset and felt that the Barbour-Blazer-Carney ticket would be elected by the voters.

It was generally conceded, however, that no matter which way the election went it was bound to be very close.

Public School Week Program To Feature Speaker and Music

"Signal Lights in American Education" will be the subject of Dr. James V. Latimer's address in the local program observing public school week.

Dr. Latimer will speak in the Upland junior high school auditorium at 8 p.m. Thursday in a program sponsored by the Upland Masonic lodge and the Eastern Star. Dr. Latimer is known to many here as a speaker with thought-provoking messages.

The junior high school orchestra and the ninth grade girls' glee club will appear in muscial numbers. Dr. Samuel Hughes will deliver the invocation and Roland Sanchez will lead in the flag salute.

Thursday's program is the principal local observance of the public school week and the general public is urged to attend the varied program.

Ontario Has Quiet Election

Voters in Ontario went to the polls today to select two councilmen out of seven candidates in a comparatively quiet election. Unlike the council race in Upland there has been no sharp divisions or issues.

Of the seven candidates one, Joseph M. Aime, is an incumbent. Mayor Taylor M. Peterson, the other incumbent, is not a candidate for reelection. Others seeking the council posts are Edson O. Parker and Herman Moraga, business men; Sim Sharp, carpenter; Orgon Smith, attorney, and Buel C. Autry and Robert Miller, factory workers.

There has been no slate of candidates running together on one ticket like in Upland except possibly for Autry and Miller who claim labor union support. However, all the candidates have declared themselves for a progressive Ontario and for the city's industrial expansion.

Cub Boxing Trainer

The one who has been training all of the Cub boxers for the boxing tournament Friday night has been Dick Allen, Cubmaster. A former boxer himself, Allen promises that the bouts this year will be even better than those last year because all of those participating have been kept in fine physical shape and received adequate training. (Complete details of the boxing tourney on page 4.)

Many Considered As Successor To Edward Gray

The resignation of Edward E. Gray, Upland city attorney for 17 years, brought wide speculation as to who his successor would be when the council meets again on April 18.

Whether the outcome of the election today will determine who the new city attorney will be was not known but general indications were that Henry Busch, an Upland resident and World War II veteran, might be one of the strongest candidates.

Mr. Gray said that his associate, William Edgerton, was definitely not a candidate for the city attorney post because "frankly neither one of us has the time," Mr. Gray said.

Other attorneys in the city are John King, Lowell Bartlett and Otto Christensen. Mr. King, although living here is active in San Bernardino law circles while Mr. Bartlett has a law practice in Ontario. Mr. Christensen, a member of the Upland planning commission, maintains law offices in Los Angeles. It is not known whether any of these men would have the time to accept the city attorney position if it were offered to them.

Mr. Gray submitted his resignation to the city council yesterday with the promise that he would be willing to help out until the council appoints his successor.

Declaring that it has been "lots of fun" Mr. Gray said that he was "reluctantly" resigning because "to put it plainly, I simply cannot afford to carry on for the salary paid," Also, he said that he is planning to "gradually retire and take up the serious work of golf or bowling on the green."

The letter to the council tendering his resignation follows:

"Herewith I submit my resignation as city Attorney, subject to acceptance by the city council at its convenience. That is, after the election the new council would doubtless want to get organized and settled down before appointing a successor, and I shall be glad to help out until the council is ready to act.

After 17 years I find it somewhat difficult to sever my con-

Driver Knocks Down 25-Mile-Hour Sign

An unidentified driver was believed responsible for knocking down the 25 mile-an-hour sign at Olive street and Euclid avenue at 2:03 a.m. today.

Police received a call from Mrs. W. B. Upedgraph, 268 West Seventh street, that she had heard a loud noise which sounded like an automobile accident. Police could find no car in the vicinity but indications were that the driver, who was either drunk or asleep, had knocked down the sign and damaged the lawn for about 50 yards south of Olive.

A thorough search of the city revealed no trace of the driver but police believe that the car jumped the curb on the east side of the parkway and knocked down the sign.

Lowell Bartlett To Be Chaffey Board Candidate

Lowell S. Bartlett, prominent in affairs of the Chaffey district and an alumnus of Chaffey high school and junior college, will be a candidate for the Chaffey board of education at the May election, it was announced today.

Term of Warren H. Wass expires this spring and he will not be a candidate for reelection, he said. Mr. Wass was elected three years ago and chose not to be a candidate due to his many other interests in the community.

Mr. Bartlett, who is an attorney and a partner with Leland S. Davidson, recently returned from naval duty and has resumed his legal practice in Ontario. With his three children and wife he resides at 1417 North Euclid avenue, Upland.

A member of the Chaffey high school class of 1925, Mr. Barlett was graduated by the junior college in 1927. He is a Stanford university graduate of 1929 and received his law degree from Stanford in 1932. In the following year he entered legal practice, the Davidson and Bartlett partnership being formed in that year.

In 1938 Mr. and Mrs. Bartlett constructed their residence in Upland. He is a member of the Upland Masonic lodge and of the Upland Methodist church. His father, J. A. Bartlett, resides at 534 North Euclid avenue.

Mr. Bartlett recently returned to his legal practice after serving 18 months in the U. S. navy. He was discharged as a lieutenant (j.g.) after serving in the Pacific theater of war.

He is one of the trustess of the Chaffey trust fund.

Start Building Two New Homes

Permits for the building of two more new homes were issued by Richard Derby, Upland building inspector, yesterday as the wave of home-building in the city continued.

A four room house, 902 square feet, with a garage is being built by C. C. Caldwell at 830 South Third avenue. C. F. Eppler is the contractor.

Mr. Eppler is also the contractor for the second home begun here yesterday. The owner is Blythe Roseberger, who is having a five room home built at 274 South Euclid avenue. W. E. Chadwick is the engineer.

The remaining building permits were two for termite repair dambabe and the other for alterations. The Antimite Associates is the contractor for the Paul Valdez home at 617 East Eleventh street and the J. L. Maxwell home at 287 North Palm avenue. James R. McIntosh is making repairs on his home at 836 East Eighth street.

John Fieste Fined $300

John Junior Fieste, 22, of Monterey Park, who led Upland, Claremont and Ontario police a merry chase last Tuesday, was fined $300 in the Upland city court yesterday morning and given a suspended sentence of 75 days in jail.

Judge Mildred Puckett ruled that if Fieste gets into any kind of difficulty with the law in the future the jail sentence will immediately go into effect. $250 of the fine was for reckless driving, the maximum fine under the law, and the $50 for the other six offenses which were speeding, right-of-way violation, stop sign violation, driving on the wrong side of the street, no car registration or license plate and defective headlights.

Police Car Involved In Minor Auto Crash

Police car No. 162 was involved in a slight accident yesterday afternoon with very minor damages reported to either car.

According to Captain Ralph Palmer, who was driving the police car, he was pulling into a parking place in front of the Upland postoffice and was almost to the curb when Carl Harvey Silas, 376 North Eleventh avenue, opened the left front door of his car, hitting the right fender of the police car.

Term Expires

Howard Mason, chairman of the Upland school board, will be up for re-election when the school election is held on May 7. No one has yet filed to oppose him for the post, although prospective candidates have until April 17 to do so.

Howard Mason To Be Candidate at Upland School Election

Howard N. Mason, incumbent, will be a candidate for re-election to the Upland board of education at the annual balloting next month.

Mr. Mason, who resides on San Antonio Heights, is chairman of the Upland board. He has served previously as clerk and has been interested in school affairs for many years.

Allan S. Barr and Mrs. Ralph T. Mitchell are other members of the board.

First Anniversary Of Firestone Store Being Observed Here

First anniversary of the establishment of the Firestone store in Upland is being observed with a special sale this week. Milton H. Smith, who operates under the name of the Upland Home and Auto Supply store at 281 North Second avenue, is conducting a first anniversary sale, which begins tomorrow.

Mr. Smith has become well established in the business and his store has been maintained at a high standard, according to a letter from H. D. Tompkins, vice president of the Firestone Tire & Rubber Co. The company has awarded Mr. Smith a certificate of "Firestone Standards of Store Cleanliness," which is given only after high standards are maintained.

"I deeply appreciate the fine cooperation we have enjoyed from people in the Upland district, and we invite them to share in the special offerings during our sale," Mr. Smith said.

Harold Cook Will Go to Conference

Harold W. Cook, district superintendent, Upland school district, will attend the semi-annual conference of the California Teachers' association, state council, Friday and Saturday, April 12 and 13, at the Palace Hotel, San Francisco.

Mr. Cook is chairman of the Junior High school committee of the state council. A number of very important matters are to be acted upon by the governing body of the state wide teachers' association.

Divide City School District; New Elementary School To Be Built

Responsive Audience Sees Chaffey College Play

BY STEPHEN KALAGIAN

A warm, responsive audience filled the Merton E. Hill auditorium to capacity Friday night to see the Chaffey college production, "The Show-Off" and judging from the frequent laughter that many of the scenes and lines drew it was enjoyed by all those who attended.

In undertaking to bring this particular play to the Chaffey stage, the Chaffey dramatists had a good "laugh-getter" but at the same time a difficult show to present. That they succeeded in providing an enjoyable evening for the audience is an accomplishment in itself.

Paul Collier, an Upland boy, did the most with a good role. As the "show-off" he had all the mannerisms and attitudes that usually go with a person of that type. Obviously endowed with the dramatic flair, Collier dominated the scenes in which he appeared and was responsible in a great measure for sustaining the mood which, for the most part, was carried on by all the other characters. The role of Aubrey Piper is a difficult role and Collier handled it masterfully and to its best advantage.

MISS BUCK SCORES

As his adoring and faithful wife in spite of tremendous family opposition, Miss Lillian Schafer was well-cast for the part. She enacted the part just as it should have been—a rather naive sort of a girl whose love blinded her to what was apparent to everybody, that her husband was nothing more than a braggart freight clerk with lots of big ideas.

Phyllis Spottswood, as Mrs. Fisher, had a lot of responsibility on her shoulders—not only with lots of lines to learn but with more or less directing the tempo of the play whenever Collier was not on stage. She dominated many of the scenes as she should

Five Upland Teachers Resign

The resignations of five teachers from the Upland school district were accepted with "regrets" by the Upland school board at its regular monthly meeting last night.

Of those resigning three are from the Upland Elementary school and two from the Junior High school. All of their resignations become effective at the end of the school term in June.

Those from the elementary school who will not be back next year are: Mrs. Florence E. Ferguson, kindergarten teacher, who is retiring from teaching; Miss Margaret Skinner, fourth grade, who has accepted a teaching position in Anchorage, Alaska, and Miss Marjorie Sheldon, fifth grade, who will study for a higher degree at the University of California.

Teachers resigning from the Junior High school are Miss Lee Schoeneck, choral and instrumental teacher who will marry, and Miss Esther Foelber, English and physical education, who wants to be near her ailing mother in Indiana.

Due to the fact that there is an acute shortage of teachers, particularly in the elementary field, Harold W. Cook, school superintendent, Upland school district, will leave for the middle west next week in an effort to fill the vacancies here.

Boy on Bicycle Runs Into Car

Waving back at some friends, Marvin Losson, 11, 285 South Second avenue, lost control of his bicycle and ran into the rear fender of a car driven by Mrs. Margaret Wilbright, 29.

Mrs. Wilbright told police that she had just made a stop at Second and Ninth street when young Losson ran into her. The fender of the car was slightly damaged and the boy suffered no injuries.

Lions Will Hear Toastmaster Speakers

Members of the Toastmasters club will present the program at the meeting of the Upland Lions club at noon Thursday.

William Gilliland, a member of both clubs, will be in charge of the speakers. The Lions meeting will be held in the Upland Woman's club house.

School Board Plans to Abandon Sierra Vista; Segregation to End

The eventual abandonment of the Sierra Vista school was virtually assured last night as the Upland school board voted to divide up the Upland school district into three areas for elementary school attendance, and to begin looking for a site for the building of another elementary school to serve the northeastern section of the Upland school district. This action also brings to an end the practice of segregation of Mexican-American children which has been prevalent here and everywhere else in California.

As a result of the action taken by the school board last night the Sierra Vista school will serve an approximate enrollment of 70 pupils during the 1946-47 school year as compared with the 150 pupils now in attendance. Grades pre-primer to six, inclusive, will be maintained at Sierra Vista during the 1946-47 school year.

"In line with the policy of nonsegregation, 80 Mexican-American children now attending Sierra Vista will attend the Upland Elementary school starting with the opening of the next school year in September," Harold W. Cook, school superintendent, Upland school district said.

The area to be served by the Sierra Vista school next school year is as follows:

Western boundary—Prolongation of Fifth avenue at Thirteenth street north to Fourteenth street.

Northern boundary—North side of Fourteenth street east to school district's eastern boundary

Eastern boundary—Upland school district's eastern boundary.

Southern boundary—Thirteenth street from Fifth avenue to Campus avenue, then prolongation of Thirteenth street east to eastern school district's boundary.

The Eighteenth Street school will continue to provide educational opportunities for all children in grades one to four inclusive, whose residence is on or north of Fourteenth street from a prolongation of Fourteenth street at Benson avenue west to the Los Angeles county line and from Fourteenth street and Benson avenue east to a junction with the northern boundary of the area to be served by the Sierra Vista school.

All children living south of Fourteenth street, with the exception of the area to be served by the Sierra Vista school, will attend the Upland Elementary school, grades one to six inclusive. Fifth and sixth grade pupils living in the Eighteenth school area will continue to attend the Upland Elementary school as at present.

Two sections of kindergarten will be maintained at the Upland Elementary school open to all children of the district who meet legal age requirements. Children will be admitted to kindergarten on a basis of order of registration until the maximum enrollment is reached. The kindergarten is not a part of the California state school system and receives

See Increase Of Electric Power Here

More electric power for the Upland-Ontario district was in sight today with the announcement from the Southern California Edison company that it is going to begin the immediate construction of a new steam station at Redondo Beach to supplement the present generating station on Terminal Island.

W. C. Mullendore, president of the Edison company, said that the new plant is required to meet the increasing demands on the company for electric service in Southern and Central California. Present demands for electricity exceed the most optimistic estimates, and all studies of population growth of potential use of electrical load.

Completion of the first unit of the new Redondo Beach station is scheduled for fall of next year, the earliest that a project of such magnitude can be put into operation.

Two 60,000 kilowatt generating machines of the most advanced engineering design are on order for the initial installation and plans have been drawn for an imposing steel and concrete station building. The station will occupy the site of a previous Edison steam plant in Redondo Beach.

The 120,000 kilowatt capacity of the new station will supplement the present 412,000 kilowatts of steam-electric capacity of the Edison Long Beach steam station and provide the company with total generating capacity from all sources of 1,346,450 kilowatts. Edison service capacity was increased late last year by 135,000 kilowatts through contracts with the Metropolitan Water district and others for use of additional hydro-electric generating facilities at Boulder Dam. The company's Hayfield-Chino 220,000 volt transmission line, the third Boulder Dam circuit, was placed in service in 1945 to bring this additional Boulder Dam energy into the Southern California territory.

The use of the Edison-owned site at Redondo Beach for the station was selected because the limit of expansion had been reached at Long Beach plant and also to facilitate distribution of power to load centers. The Redondo Beach station will tie in directly with the company's La Fresa sub-station near Torrance, one of eleven major class sub-stations.

New School Bus Goes Into Service

The new elementary school bus began its first run last Wednesday after arriving from the east on Tuesday. It has a white chassis furnished by Cochrane and Nichols, Ontario, and an Americoach body from Delta, Ohio. It is being used to serve the northwestern part of the Upland school district.

With the arrival of the new bus the old bus will be sold to the highest bidder. Action on a bid was delayed last night by the Upland school board pending word from the O.P.A. as to the ceiling price for which it can be sold.

Caution Women Out At Night

Molesting of women and girls on the streets at nights is continuing to increase, Upland police said today in issuing a warning again that extreme care be taken by any woman "who has to be out at night unescorted."

Declaring that women or girls should not be out at nights without an escort unless absolutely neseccary, police said the men accosting unescorted women was definitely on the increase in Upland as well as in the other parts of the country.

For women who have to go out at night alone, police offered the following suggestions:

1. Be sure to lock the car from the inside so that it cannot be opened by anyone else but yourself.
2. If you see any suspicious cars following you, drive immediately to the police station.
3. Get the license number of any car of which you might be suspicious.
4. For those who have to walk, be careful and don't go out at night unescorted unless absolutely necessary.

Heights Dinner Thursday Night

Nearly everyone in the San Antonio Heights area is expected to be present at the dinner to be held at the Mont Vista resort Thursday night. Sponsored by the San Antonio Heights Community League, it is being held in honor of the Heights Volunteer Fire department because of its service to the community.

Miss Betty Hicks, national woi men's golf champion, will be the speaker at the dinner and is expected to tell stories of her golf matches. Also on the program will be dancers from the Dorothy Williams studio in Ontario and a special musical program.

Fine Drunken Driver $100; Suspend His License for 90 Days

George R. Anderson, 26, of San Bernardino, was fined $100 and his driving was revoked for three months in the Upland city court yesterday morning.

He was picked up by police at 12:45 p.m. Sunday when his car ran into the storm drain at Campus avenue and A street.

Saleslip Funds Are Advancing

When someone fails to win the money in the two bonus awards the result is a bigger jack pot next time. And so it is.

The food fund for Wednesday and Thursday will be $35. This money will be offered some local resident Thursday evening and it will be awarded if that person has at least one sales slip showing puchases of at least $1 at one or more of the food stores advertising in today's Upland News.

Mrs. T. C. Collier, 863 Campus avenue, failed to win the money last Thursday.

Eligible food stores are Safeway, Arrow market, Lee's market, Olson's market, Clint's produce and Snowden's market.

The dividend day sum of $118 was offered Mrs. T. J. McBurney, 652 Third avenue, last night but she did not win the sum due to lack of sales slips.

Phone News For Election Results

Who won?

That question in the minds of many Uplanders will be answered tonight and at 7:45 p.m. The Upland News will begin its election-return service.

Dial 311-06 at that time and throughout the evening and the ballot-count report will be given by The Upland News as a service to the public. The News' two telephones will be in service to give the latest returns.

If the News' number is busy, people may telephone the Upland theater for the information.

The Upland theater number is 315-101.

An election "Extra" will be published early Wednesday morning. This edition will give the final vote on the candidates in todays' city council election. The "extra will be distributed free by The Upland News and copies may be available at the local stores and the the News office.

Fairness to All Candidates Aim of The News—

Outcome of today's election is awaited with keen interest.

During the long and interesting campaign candidates have expressed their views. The public has received these views with mixed reactions—and the polls opened this morning to receive a record vote.

Throughout the campaign, The Upland News has had one objective—fairness to each candidate. The newspaper's columns are open to anyone and everyone. In this campaign, it could have been easy for the local newspaper to favor one candidate or group of candidates over the others—in the news columns.

In the editorial columns the situation is different, but outside of this spot on page two The News staff has devotedly sought to impartially present each candidate to the public. If we failed in this regard, it is because of human weakness, not because of intent.

Those elected today are given the assurance that The Upland News will whole-heartedly support them—as long as they are sincere and honest in administering the city affairs.

More Vets Want College Than Colleges Able to Serve—

Some people are questioning the advisability of Chaffey college being developed to appeal to students from outside the Chaffey district.

In normal times, that questioning would be well founded—and perhaps it is now, but the fact remains there are far more veterans planning to enroll in college than college facilities can accommodate.

A survey by the University of California indicates that from 86,000 to 120,000 ex-servicemen will want to attend college on a full-time basis this fall. Yet, colleges are said to have facilities for slightly less than 50,000 additional vets.

In the face of this fact, Chaffey facilities should be used to the maximum and the Chaffey board of education is justified in making the most of the opportunities to obtain additional facilities.

The War Is Over—

The war is over at last—that is, the war of 1812.

The federal government recently closed its books on that war when the last pensioner died. That pensioner was a woman 82 years of age, the daughter of a veteran of 1812.

If it took more than 130 years to finally settle accounts on such a small war, how long will we be paying off on World War No. 2?

Start Ramona Rehearsals

Ramona is coming back.

The famous outdoor play dealing with early California fact and fiction, as written by the late Helen Hunt Jackson, will be presented this year for the first time since the war in Ramona Bowl near Hemet.

Edward Poorman, president of the Ramona Pageant association, announces six performances for the current season with playing dates over the week-ends of April 27, and 28; May 4 and 5; and May 11 and 12.

This will mark the 19th season the play has been presented in Ramona Bowl by the residents of San Jacinto and Hemet. Each year the citizens of these two communities have banded together in bringing to life the romance of Ramona and Allessandro. Over 600 residents take part in the production; three hundred in the cast and the balance on various committees in the production work.

Voters Urged to Register Soon

Registration of voters for the June 4 state primary election will close April 25!

Anyone of legal age who has been a resident of this state for the past year and of one county the last 90 days is eligible to register.

Voters who failed to participate in either the 1944 primary or general election, or who have changed residence since that time, will be ineligible to cast ballots in the forthcoming election unless they re-register before the April 25 deadline.

Mac Says So

By MAC McQUILLEN

NOBODY GETS MAD

That's the way it is with "Us Americans". What's an election among friends.

We get hopped up over our candidates. We have our own ideas about what should be done—and how. We boost for the men in whose capabilities we have the most confidence, help get out the vote, and then, pleased or disappointed we carry on in the hope that everything has happened for the best. That last philsophy is sometimes hard to take, yet if we loose it we are sunk.

To one who has watched this community drama being enacted for more than 35 years it has been a source of much soul satisfaction that during those years we have never heard a whisper of skullduggery in our city's governmental fabric and no one that I know has illegally profited from an official position. On the contrary many men and women have performed a service far beyond the call of duty.

There are those who serve humbly and sincerely in order that they may contribute their bit, do their part and bear their share of public service. Their wages are usuually the satisfaction of knowing that they have not funked responsibility. They have learned, as well, that the principal pay for the performance of good work is the acquired ability to do better work.

A one time Prince of Wales addressed an audience of his people something like this: "The wearers of the Victoria Cross is possibly the most carefully selected group in the world. It is composed of men and women, who see something to be done and for God and Country do it at any risk, and then, forever say nothing about it, for, if such deeds were left for those who do the talking, nothing would ever be accomplished."

There is an aristocracy of those who unselfishly serve.

Cheerfully yours,
Mac

25 Speakers at Chaffey Vocational Conference Today

More than 25 speakers, specialists in various fields, spoke at the Chaffey annual vocational conference held at Chaffey college today. The conference began at 9:20 a.m. and ended at 2:30 p.m.

While primarily intended for college students high school pupils were also included in section meetings. William Chapman, of the Exchange Orange Products, spoke on "Business Ethics" at the luncheon held in the high school cafeteria.

Funeral Services For Thomas Bryden, Former Uplander

Last rites for Thomas Bryden of Brawley, former Uplander and brother of Adam and Robert Bryden of this city, were held Friday afternoon at the J. B. Draper company chapel in Ontario. Interment was in Bellevue cemetery.

Mr. Bryden passed away on Tuesday at his home in Brawley at the age of 66 years. He had ben engaged in ranching in the Imperial valley for some 25 years. He was affiliated with the First Baptist church of Brawley.

Surviving besides the two brothers are his wife; a daughter, Mrs. Alvin Spear of Los Angeles; a step-daughter, Mrs. Marie Runge, and two step-sons, Joyce and Howard Bryden, all of Brawley.

Around Town

BY THE TOWNSMAN

Both slates of candidates, in spite of their differences on some things, were pretty much in agreement on the eve of election. Both expressed confidence that their respective tickets would be elected and both felt that the more people who voted the better would be their chance of getting elected.

There have been articulate supporters for both sides and it depends which side you listened to the most what your opinion on just how the voters are casting their ballots today. But it will be the silent voters, the ones who don't express their opinions, that will determine who our three councilmen will be for the next four years.

Paul Collier, who played the leading role in the "Show-Off," has a few other accomplishments up his sleeve which he will demonstrate for you upon sufficient encouragement. One is his imitation of H. V. Kaltenborn, the noted radio commentator. Although we haven't heard him as yet advance publicity from his friends indicate that he has mastered the "up and down" technique quite adequately.

Nothing definite yet but it seems likely that the American Legion may negotiate a deal with the Nazarene church for their building on Ninth street. The church has definite plans for a new church and a Legion committee is now angling to get the present church building for its club house. They would use this until the Veterans' Memorial could be built which may take several years.

We've heard that some people are offering as high as $4,000 for lots on Euclid avenue these days. Such an offer was made to a local man who owns property on Euclid just a few days ago.

San Bernardino County
SECOND ANNUAL
Industrial Exposition

Industry Diversified

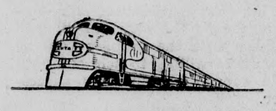

Here you will see graphically displayed all the industrial activity of San Bernardino County. Agriculture, mining, manufacturing, recreation, and industrial progress. This is an exposition which every person, young and old, in our county should visit. From this show will be built a condensed exhibit which can be displayed at some of the national industrial expositions.

4 DAYS—APRIL 11, 12, 13, 14

The huge San Bernardino Civic Auditorium will be crammed full of San Bernardino County products. There is no admission charge. Two free variety shows will be presented daily. Two choice mountain lots will be given away. This is an exhibit for all the people of the county—revealing, educational.

No expense has been spared to make this the finest local industrial show any county ever staged. Manufacturers, civic bodies, governmental agencies, and commercial groups have cooperated with the San Bernardino Argonaut Club to present a living story of ALL the county's resources.

Dorothy Hayden Weds Kirk J. Gilbertson

A romance which began at Chaffey high school culminated in the marriage of Miss Dorothy Jean Hayden, daughter of Mrs. Marie J. Hayden, 1680 East Arrow highway, and Kirk J. Gilbertson of the U. S. Navy, on March 30.

The wedding was held at the home of the groom's parents, Mr. and Mrs. Elmer Gilbertson, 505 Plaza Serena, Ontario. The Rev. Robert F. Dennis, pastor of the Temple Baptist church, read the double-ring service in the presence of some 50 relatives and friends.

The bride, who was given in marriage by her brother, Harold L. Hayden, was attended by her sister, Miss Helen Hayden. Little Charles Anderson was the ring bearer. Eugene R. Gilbertson served his brother as best man.

A reception followed the nuptial rites. The newlyweds enjoyed a short honeymoon before the groom reported back to the naval base at San Diego where he is in training.

Cub Boxers Wind Up Training; Ready For Bouts

Sport Slants

With one of the hottest elections in the city's history just about over, the next "big event" for the city is the Cub boxing tournament at the Upland Elementary school auditorium this Friday night. According to Cubmaster Dick Allen, everything has come along very well and the young boxers are in good shape and really very anxious to put on the "big show."

Dick, a pretty good boxer himself, has spent a lot of time with the boys this year keeping them not only physically at a peak but also giving all of the combatants the benefit of his years of training in the boxing arena. He has been trying to bring about boxing at its best and is hopeful that these bouts Friday will be even better than they were last year, when these bouts were first inaugurated.

Lot of people may not fully appreciate what bouts of this kind mean to a community. As Dick Allen says they do teach "sportsmanship and clean living," but they accomplish even more than that. They utilize the excessive amount of energy that a young boy around Cub scout age has into legitimate, organized sport and thus bring to a minimum the danger of this energy going into the wrong channels.

Boxing bouts of this kind are not only good for those who take part in them but very entertaining and enjoyable for the older members of the community who go to see them. Mere organized sports of this kind would be of great aid to all of the young people. It does tend to produce more healthful living and just as important these days gives them something to do with their spare time.

If for no other reason but to encourage events of this kind, the entire community should turn out to see these bouts Friday night. It would be our way of telling the young kids and the adults who have worked so hard to bring it about that we appreciate all they are doing and also one way to increase the amount of organzied sports in the community.

Bouts To Start 8 P.M.; Doors Open at 7:30

Cub boxers wound up their training Friday night and according to Dick Allen, Cubmaster and boxing coach, "they are in fine shape and raring to go."

The bouts will start promptly at 8 p. m. at the Upland Elementary school, with the doors scheduled to be opened at 7:30 p.m. A limited number of tickets will be on sale at the elementary school box office, although everyone planning to attend is urged to buy their tickets in advance.

MORE CELEBRITIES

Word was received today that two other celebrities in addition to Willie Ritchie will attend the Cub boxing bouts Friday night. They are William Houghton, an assistant U. S. attorney and chairman of the state athletic board, and Adam Walsh, head coach of the Los Angeles Rams and former center on the famous Notre Dame team that included the Four Horsemen.

"I think the bouts this year will be even better than last," Mr. Allen said. "You will see lots of action as the bouts will be fast and furious. The Cubs on the card have earned their position through diligent training and elimination through preliminary boxing."

Expressing his gratification fo the support that Upland has given the boxing tournament, Mr. Allen declared:

"I wish to thank the pack committee, the den mothers, den chiefs, Upland P.T.A. and Odd Fellows for their splendid support of this program."

Cubmaster Allen also praised the Cubs who will be participating in the boxing tournament.

"These boys are a fine asset to the fine reputation in the Southland as an outstanding organization," he said. "They give all out for cubbing whose ideas and standards are of the highest type. The Cubs will make fine citizens of the future as they will never forget the lessons they have learned in sportmanship, clean living and right thinking"

Stand for what is right, not for what is done.

No man can afford to let himself go unless he lets go of self.

Ontario Merchants Beat Visitors, 7-3

The Ontario Merchants defeated Frenchy's Garage in a basketball game held at John Galvin Park Sunday afternoon, 7-3. The Merchants made all their hits count as tney scored seven runs to the tune of only eight hits. They scored one in the first, two in the second, one in the third, three in the fifth and one in the sixth. Slim Salters, six-foo-three hurler and a navy veteran, kept the visitors down to five hits and struck out 10 men.

Our biggest job is to teach the world to live together. But it's a job we'll have to learn ourselves first.

Panthers Lose To Santa Ana

A catastrophic fifth inning cost the game for the Chaffey Panthers as they bowed to Santa Ana Junior college Friday afternoon, 13-4. The game was played on the Don diamond.

After taking the lead, 3-1, the Panthers went to pieces in the fifth when the Dons scored nine runs after two were out. After getting two men out Kelly Rightmer, Chaffey pitcher, forced Faber to hit a high fiy to right for what looked like an eacy out. But Rightfielder Bork and Second Baseman Ynostrosa seemed to get their signals mixed and let the ball drop between them.

Then when Jim Williams missed a grounder at third Rightmer seemed to bolw up and before the inning was over nine runs had gone across the plate.

Coach Burt Heiser didn't have any other pitchers in shape so had to let Rightmer go the route. Dave Alcala had sprained his thumb in the fifth and couldn't be used for relief duty.

The Panthers went into the lead in the second when Alcala and Bork connected with doubles and were both batted in by Kenny Burt who single in right field. Chaffey's third run was batted in by Rightmer in the fifth.

Cardinals Sink Chaffey, 11-1

San Bernardino High school made sport of the Chaffey Tigers Friday afternoon as they pounded two Tiger pitchers freely to overwhelm Chaffey High school, 11-1. The lone Chaffey run came in the seventh when Ed Aitken doubled and scored a minute later on a single by Lamb.

The Cardinals had no difficulty in scoring the offerings of Chaffey Pitchers Fred Peltz and Eleazer Borbon who included in their 15 hits a pair of home runs. San Bernardino has been considered the favorite to win the Citrus Belt league championship and their performance Friday greatly enhanced their chances.

Scoring three runs in the fourth and another in the fifth when Borbon replaced Peltz on the mound for the Tigers, the Red Birds continued to smash the ball all over the field and had little difficulty in accumulating runs throughout most of the game. Errors by the Chaffey infield proved costly to the Tigers.

TO ELECT OFFICERS

Election of officers will be held at the regular luncheon meeting of the Upland Rotary club tomorrow noon. Although the nominating committee has presented its recommendations to the membership, nominations may still be made from the floor.

Ontario School To Give "Toymaker"

Elizabeth Cole will have the part of the princess and John Dotson, the toymaker, when the operetta, "Toymaker" is presented at the Vina F. Danks Junior High school in Ontario Thursday at 7:30 p.m.

Others in the cast are: Irene Wedemyer, Albert Woodruff, Anita Tiberg, Janie Oliver, Tommy Wilson, Dick Day, Jimmy Skiles, Benny Boydstrom and Dewey Ware. All parents and friends are invited to attend as this is a part of the observance of Public School week which began yesterday and will continue through Friday.

PRIORITY BLANKS

Priority blanks for lumber are now available at the Upland chamber of commerce, J. Emery Sargent, secretary announced today. Any veteran interested in building a home or any other building may secure a blank by calling at the chamber office, Mr. Sargent said.

Have more iron in your resolve and fewer irons in the fire.

Alta Loma Club To Be Guests

Members of the Alta Loma Service club have been invited to attend as guests the mid-week Lenten service at the Cucamonga Community church. This meeting will be the last Wednesday evening meeting in the church's Lenten series. The program will consist mainly of the showing of colored slides depicting the Easter story. The social hour which is to follow the service is being planned by the Youth Fellowship under the direction of Mrs. Marion Pierce, Alta Loma.

The Methodist Youth Fellowship was guest last Sunday evening at a pot luck supper and meeting of the Youth Fellowship of the Ontario Methodist church. Speakers at the meeting included Miss Hazel James, youth counselor for the Ontario church, who spoke on "Fellowship," Mrs. James Martinez, teacher of an Americanization course in the Chaffey adult education program, who spoke on "Citizenship," Miss Barbara Smith, whose subject was "Friendship," and Rev. Arthur Schuck, whose subject was "Worship."

Butter manufacture in California in 1945 declined to 15,431,000 pounds, less than half the amount reported as manufactured in 1896, the first year for which such data are available. This compares with the total of 29,466,000 pounds in 1944 and a 5-year average of 62,850,000.

Resigns Post

After serving as city attorney for 17 years, Edward E. Gray yesterday submitted his resignation to the Upland city council. He said that he was much too busy with his private practice and that he had been considering "taking things a little easier" gradually anyway.

Consider Many For Attorney

(Continued from Page 1)

nection with city affairs, but to put it plainly, I simply cannot afford to carry on for the salary paid. In a way I suppose the city attorney is the poorest paid of all the city employes or officers, all things considered.

My associate Mr. Edgerton and I have agreed that we shall devote all of our time to our private law practice, except as I expect to gradually retire and take up the serious work of golf or bowling on the green.

"During the past week or two much has been said in the newspapers about the city council. I have seen quite a few city councils come and go, and some have been commonplace and some have been first class. But I think that if the public generally got in the habit of dropping in at council meetings and became familiar with the numerous important problems that constantly confront the council, they would be gratified to witness the care and acumen and wisdom shown in solving problems. Upon the whole my impression is that Upland has been exceptionally fortunate. Of recent years, Upland has been noteworthily fortunate.

"As I look back over these 17 years, I think of Patrick McQuillen when he was mayor. I recall his sincerity, his almost prayerful insistence upon trying to do the right thing for the "village". Or, as I look back, I wonder how the public can so soon forget the services of a man like Ernie Olson, as one example—his modesty was his outstanding attribute when he was on the council, but his good judgment and wisdom were shining.

"Whatever betides in the election tomorrow, to the present members of the council I extend my utmost good will, and my thanks and appreciation."

Sincerely,
Edward E. Gray

To Hold Exams At Etiwanda

Examination for postmaster at Etiwanda has been announced by the United States Civil Service Commissions. Chester Frost is now acting postmaster.

In order to be eligible for the open competitive examination, an applicant must be a citizen of, or owe allegiance to, the United States and must have actually resided within the delivery of the post office for which the examination is held for one year immediately preceding the date fixed for the close of receipt of applications.

Full information and application forms may be obtained at the Etiwanda post office or from the U. S. civil service commission, Washington, 25, D.C.

PATIENTS AT SAN ANTONIO COMMUNITY HOSPITAL

Donald Duncan, seven-year-old son of Mr. and Mrs. Harvey Duncan, 176 Second avenue, was given emergency treatment Saturday for a cut ear.

Salvador Pardo, eight-year-old son of Mrs. Angelina Pardo, 781 Cucamonga street, Cucamonga, was given emergency treatment Saturday afternoon for a cut lip.

BIRTHS SAN ANTONIO COMMUNITY HOSPITAL

Mr. and Mrs. Robert Langdon, 253 North Ninth avenue, are the parents of a baby son, born Friday evening.

A daughter was born to Dr. and Mrs. Frank C. Melone, 548 Harvard street, Ontario, Saturday morning.

It's a boy for Mr. and Mrs. Martin J. Peterson of Etiwanda. He arrived Saturday night.

Mr. and Mrs. Elmer Mayfield, 1047 East Washington street, Ontario, became the parents of a baby daughter Sunday morning.

A son was born to Mr. and Mrs. Stephen Pastor, 640 Princeton street, Ontario, Monday morning.

It's a girl for Mr. and Mrs. Richard Espejo, Stoddard's Canyon. She arrived Sunday afternoon.

California cheese manufacturers made 13,512,000 pounds of cheese during 1945, exclusive of cottage cheese. This compares with a total of 13,232,000 pounds in 1944 and a 5-year average of 18,626,000.

Evaporated milk production in California during 1945 exceeded 325 million pounds, an increase of over 16 million pounds as compared with 1944 and 84 million pounds above the 5-year average.

have and her performance was adequate for the role.

Rosalie Buck, in the part of Clara Fisher, remained Clara throughout the show and never fell out of character. Even when she had no lines to say Miss Buck continued to be the wife of a successful business man who had everything a woman could want out of life except love. She played her role with dignity and restraint and yet with enough feeling to bring the message of her plight home to the audience.

OTHERS DO WELL

Another who deserves a lot of credit for staying in complete character throughout the show was Dick Mayhew in the minor role of Mr. Rogers, the insurance man. Mayhew at no time looked like the "Dick" we've seen on basketball court but like any ber of insurance agents who at our homes every month. e remaining players, all of in minor roles, also did share in making "The Show- the entertaining play that as Friday night. Eugene or, as Frank Hyland, Clara's and, Charles Adams as Mr. er and Robert Alumbaugh, Ir. Gill, all played their parts uately and gave them just it all of dramatics they could f.

OTHER CREDITS

Credit should also go to Sarah Hull, the stage manager; Doris Wester, who handled the tickets and programs, and to Gloria Galland and Lou Eileen Wilshire for the costumes. The Dorothy Williams studio was responsible for the dance performed by Collier and Miss Schafer and the Chaffey orchestra, under the direction of Mr. Streano, provided the music between acts.

No doubt much of the credit for the capacity house Friday night was due to the persistant and untiring efforts of Jeff Ayres, who handled the publicity for the show. Last but not the least, and the one who probably deserves the most credit because she did the hardest work was Ruth Tremaine Kegley, the director, who made the whole thing possible.

CHANGE NAME

The monthly meeting of the executive committee of the San Bernardino county Tuberculosis and Health association was held at the office of the association Thursday. This was the first meeting of this committee since the change of name of the association.

At the annual meeting of the Tuberculosis association, which was held on March 28, it was decided to change the name of the association to "The San Bernardino county Tuberculosis and Health association." This is in keeping with the policies of other Tuberculosis associations throughout the country.

REPORTS PROWLER

A possible prowler at his home at 79½ Vernon drive was reported by Henry Lee yesterday. He told police that he heard someone in the garage sometime between 2 a.m. and 4 a.m. yesterday. He found a box of fruit jars tipped over in the morning and many of the jars were broken. It could have been a dog, Mr. Lee said, but he didn't think so

About People

Mr. and Mrs. Charles V. Benson have received word from their son, Brad Benson, that he was to sail from La Havre, France, yesterday.

Mr. and Mrs. Harold Graham and children of Costa Mesa spent Sunday with Mrs. Graham's parents, Mr. and Mrs. Charles V. Benson, at the home of her grandmother, Mrs. F. H. Manker, 603 North Second avenue, where Mrs. Benson has been convalescing since she left San Antonio hospital after major surgery.

Spring is here. Your thoughts are probably turning to spring housecleaning and possible changes in your furniture. Add eye appeal to your living room with a fine 18th century occasional piece. We have just the right tables for you. Upland Furniture Co. adv. 98-1

Mr. and Mrs. Paul Schaffner motored from Van Nuys for a visit over the week-end with his mother, Mrs. W. T. Schaffner of 970 West Eighteenth street. Mr. Schaffner became a civilian again on March 19 after serving in the army for two and a half years. He was a technical sergeant at the time of his discharge.

Mr. and Mrs. John Mason, 635 North Euclid avenue, have purchased the Kremer Nursery, 784 West Holt aveune, Pomona. Mr. Mason, who is a son of Will R. Mason, has just been released after serving for two years with the merchant marine. He was formerly a teacher in the Ontario junior high school.

Mrs. C. W. Franks, of Vista Place, San Antonio Heights, left last week for an extended visit with relatives in Arkansas, Louisiana and the middle west. Mrs. Franks is making the trip with her brother, S. E. Walker, and his family, of Gardena, by car.

Mrs. W. T. Heath of Buffalo is here visiting her father, Eugene Glass, 835 Fifth avenue, and her brother-in-law and sister, Mr. and Mrs. Philip White of San Antonio Heights. Mrs. Heath is the wife of the Episcopal church rector in Buffalo. She came here by plane for a short visit with her relatives and she plans to return home Thursday.

Mr. and Mrs. Walter E. Boulton, 406 North Euclid avenue, are enjoying a visit from their son-in-law and daughter, Mr. and Mrs. T. R. Herndon, and their children, Luella, Tommy and Hunter, of San Francisco del Oro, Chihuahua, Mexico. On Saturday evening Mrs. Boulton entertained 18 relatives and friends at a dinner party honoring Mr. Boulton on his 85th birthday anniversary.

STENOS NEEDED

Openings for stenographers at an annual salary of $1902 exist at the OPA's district office, according to John Burke, personel director for the agency in Southern California. Burke said that applicants for the positions, which carry with them such advantages as five-day week, generous vacation-with-pay and sick leave privileges, should come to room 1226 of the OPA's district office, 1031 S. Broadway, Los Angeles.

The trouble with so many drivers is that they want to do all the talking and none of the listening.

Divide Upland School District

(Continued from Page 1)

no state financial support. The number of sections of kindergarten operated is discretionary with the local school board and subject to the amount of money which can be raised by local district tax rate.

Declaring that the rapid growth of Southern California makes it imperative that local school boards make their future building plans with this tremendous influx of population in mind. Charles Gibson, of the Division of schoolhouse planning, told the Upland school board members that they "must look ahead and get hold of a site before the subdividers do."

"A school must not only serve children in the daytime," he said, "but should be a community center at night and serve in many community functions."

He said that in the selection of a site for the new school, the board should constantly keep in mind the fact that new schools should be placed in the areas where the population is the densest. He pointed to the west side of Euclid avenue as a possible area of growth but added that the immediate task was to build a new school possibly west of the present Sierra Vista school and to look towards the eventual abandonment of the latter school.

Segregation will have to stop, Mr. Gibson said, because even if the Orange county decision is appealed, the answer will in the end be the same—that segregation is unconstitutional and cannot be enforced. He advised that the board make its future building plans with this thought in mind.

Mr. Gibson, who has made a thorough study of the Upland school district, emphasized over and over again that because of the influx of population to California the school enrollment here would continue to grow. For that reason it is imperative, he said, that a site be selected now so that a new elementary school could be built in the near future.

While the board reached no decision as to the manner in which the new school building would be financed, it is belived that a bond issue will be asked from the voters, with some possible state aid in the offing.

Chamber Directors To Meet On Friday

Housing for agricultural workers will be among the topics discussed at the meeting of the Upland chamber of commerce directors Friday morning.

Officials of the civic agency will meet in the Engle & Co. cafe. Harry B. Harlow, manager of the Ontario-Cucamonga Exchange, will be present to participate in the discussion on the housing situation.

GIVE $10

The Chaffey District Council of the Mexican-American Movement joined the increasing list of organizations to fall behind the drive to build Raymond J. Davis and his family a home by appropriating $10 for the fund.

Seeks Re-Election

EARL WARREN
Governor of California

Declaring that he has kept the promises he made three years ago, Governor Earl Warren has announced his candidacy for re-election. Col. Thomas J. Cunningham is directing the Governor's campaign in Southern California.

Presbyterians Will Hold Annual Dinner Meeting Wednesday

The annual meeting for members of the congregation of the Upland Presbyterian church will be held Wednesday evening in the social hall of the church, opening with a dinner at 6:30 o'clock.

Annual reports of the various departments of the church will be heard and the budget for the coming year will be adopted.

The church is taking this opportunity to honor the 80 young people of the church who have served or are still serving with the armed forces, and all who are able to attend are invited to be guests at the dinner, to renew their friendships and to become acquainted with the pastor, Dr. Rufus W. Oakey. Greetings are being sent to those who are now overseas.

The Woman's Association is serving the dinner, with Mrs. W. F. Rugg as dinner chairman.

After the heavy rainfall, all the groves in the county should be in fine shape, Ralph G. LaRue, assistant county agricultural agent, said yesterday as he gave some hints on irrigation.

"If you irrigated lightly before the rain, the fertilizer should now be nicely in the root zone, Mr. LaRue said. "Over-irrigation—at any time—pushes this fertilizer down towards China. What is over-irrigation? Merely the application of more water than is necessary to fill up a soil that is dry. All other water—including the fertilizer it absorbs—is pushed below the root zone and some other farmer in some other country may get it when that water eventually comes up in his well.

"Remember, to irrigate a dry soil is good practice; to irrigate a wet soil is something else. Permitting a wet soil to dry out and alternate wet and dry condition automatically aerates the soil in nature's own way," he added.

You may not feel up to something but that does not mean you have to be down on it.

House of Appliances Opens This Week In Cucamonga

A new business established by two young men in Cucamonga will be formally opened Saturday.

"The House of Appliances", located in a new structure on Foothill boulevard and Turner avenue, will be opened by Charles Smiderly and Anton J. Blatnick.

In addition to many nationally known lines of refrigerators, radios and washing machines, the new business will also include office equipment. The proprietors emphasized the new store would feature a complete variety of household appliances, "just as its name implies".

The proprietors are former Chaffey students.

Books and Reviews

BY MRS. GEOGE W. WEST

New books are being added to the shelves. Highlighting these additions are some of the following:

The Veteran's Program by Charles Hurd. What is the problem confronting you, or your veteran? The GI bill of rights covers a lot of territory, and often, it takes some one to interpret it for the bewildered ex-GI. The answer to any number of puzzling questions is to be found in a new book at the library. It tells about business and educational opportunities; how pensions are paid; how to get the old job; what benefits go on forever, and many other important issues. Also among the new books are house plans and books on interior decoration.

Key to Japan by Willard D. Price. A valuable guide to the great puzzle which is Japan is to be found in Willard Price's new book. A discussion of the people and their pattern of life, as well as a section devoted to our army of occupation will make this a welcome addition to the student of the new era in the Pacific.

* * *

It's Tomorrow out Here by Max Miller. Author Max Miller has again brought interesting sidelights to the war in the Pacific with his valuable new book. In this story, he tells about Americans on the far side of the International dateline. It is the story of individual rather than mass adventure. The gargantuan job of securing the bases for the occupation forces, of creating six-lane highways where there had been only dusty footpaths makes fascinating reading. The men who are making the future of America "in peaceful trade as in defensive preparation" on the threshold of the Orient deserve understanding by those who sit at home and send the tools across the great stretches of the Pacific. Many new titeles of new fiction are also offered.
